

***Across the Universe* by  
Beth Revis**

Amy is a cryogenically frozen passenger aboard the spaceship Godspeed. She has left her boyfriend, friends--and planet--behind to join her parents as a member of Project Ark Ship. Amy and her parents believe they will wake on a new planet, Centauri-Earth, three hundred years in the future. But fifty years before Godspeed's scheduled landing, cryo chamber 42 is mysteriously unplugged, and Amy is violently woken from her frozen slumber. Someone tried to murder her.

***These Broken Stars* by  
Amie Kaufman**

Two star-crossed lovers must fight for survival when they crash land on a seemingly uninhabited planet.

***A Thousand Pieces of You* by Claudia Gray**

When eighteen-year-old Marguerite Caine's father is killed, she must leap into different dimensions and versions of herself to catch her father's killer and avenge his murder.

***Sanctuary* by Caryn Lix**

Prison-guard-in-training Kenzie is taken hostage by the superpowered criminals of the Sanctuary space station--only to have to band together with them when the station is attacked by mysterious creature.

## ***Skyward* by Brandon Sanderson**

Spensa's world has been under attack for hundreds of years. An alien race called the Krell leads onslaught after onslaught from the sky in a never-ending campaign to destroy humankind. Pilots are the heroes of what's left of the human race. She dreams of becoming a pilot, but her fate is intertwined with that of her father-- a pilot himself who was killed years ago when he abruptly deserted his team. When the Krell double their fleet, this may be Spensa's chance to get into Flight School.

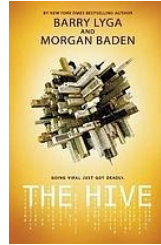

## ***Contagion* by Erin Bowman**

After receiving a distress call from a drill team on a distant planet, a skeleton crew is sent into deep space to perform a standard search-and-rescue mission. When they arrive, they find the planet littered with the remains of the project—including its members' dead bodies. As they try to piece together what could have possibly decimated an entire project, they discover that some things are best left buried—and some monsters are only too ready to awaken.

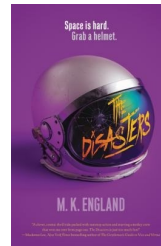

## ***Heart of Iron* by Ashley Posten**

Seventeen-year-old Ana is a scoundrel by nurture and an outlaw by nature. Found as a child drifting through space with a sentient android called D09, Ana was saved by a fearsome space captain and the grizzled crew she now calls family. But D09—one of the last remaining illegal Metals—has been glitching, and Ana will stop at nothing to find a way to fix him. Ana's desperate effort to save D09 leads her on a quest to steal the coordinates to a lost ship that could offer all the answers. But at the last moment, a spoiled Ironblood boy beats Ana to her prize.

## ***The Hive* by Barry Lyga**

It's the near future -- the day after tomorrow -- and the government has shut down online bullying once and for all. With BLINQ, its new social media platform, users can "like" or "share," but they can also "condemn" posts -- and if condemnations reach a certain level, users can exact punishment from the original poster in real life. No more anonymous trolling! Instead... hive justice. Seventeen-year-old Cassie McKinney is angry at everything. She's just lost her beloved father, a cult hero in the hacking world. She's been uprooted to a new apartment and -- worse -- a new school.

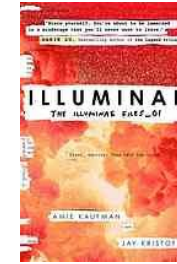

## ***The Disasters* by M.K. England**

Nax's one-way trip back to Earth is cut short after the school is hijacked by terrorists. Now he and a handful of other space Academy washouts are the only surviving pilots. In order to spread the truth about the attack, Nax and his fellow failures must execute a dangerous heist.

## ***Carve the Mark* by Veronica Roth**

On a planet where violence and vengeance rule, in a galaxy where some are favored by fate, everyone develops a currentgift, a unique power meant to shape the future. While most benefit from their currentgifts, Akos and Cyra do not: their gifts make them vulnerable to others' control. Can they reclaim their gifts, their fates, and their lives, and reset the balance of power in this world?

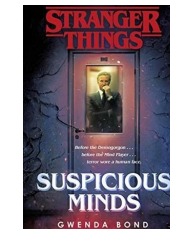

## ***Illuminae* by Amie Kaufman & Jay Kristoff**

The planet Kerenza is attacked, and Kady and Ezra find themselves on a space fleet fleeing the enemy, while their ship's artificial intelligence system and a deadly plague may be the end of them all.

## ***The 5th Wave* by Rick Yancy**

Cassie Sullivan, the survivor of an alien invasion, must rescue her young brother from the enemy with help from a boy who may be one of them.

## ***Stranger Things: Suspicious Minds* by Gwenda Bond**

A mysterious lab. A sinister scientist. A secret history. If you think you know the truth behind Eleven's mother, prepare to have your mind turned Upside Down in this thrilling prequel to the hit show Stranger Things. It's the summer of 1969, and the shock of conflict reverberates through the youth of America, both at home and abroad. As a student at a quiet college campus in the heartland of Indiana, Terry Ives couldn't be farther from the front lines of Vietnam or the incendiary protests in Washington. But the world is changing, and Terry isn't content to watch from the sidelines. When word gets around about an important government experiment in the small town of Hawkins, she signs on as a test subject for the project, code named MKULTRA. Unmarked vans, a remote lab deep in the woods, mind-altering substances administered by tight lipped researchers ... and a mystery the young and restless Terry is determined to uncover.
